EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, page 1, after line 2, insert --ELATED APPLICATION

This application is a divisional of U. S. application 10/105,346 filed on March 26, 2002 now U. S. Patent number 6,608,667.--

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record do not teach or suggest, in the claimed combination thereof, a method of manufacturing an electrical conductor winding comprising the steps of *forming a plurality of laminates of electrical insulation, each laminate of electrical insulation having a first surface and a second surface, the first surface of each laminate of electrical insulation being flat, the second surface of each laminate of electrical insulation having a slot, the laminates of electrical insulation comprises a glass or a glass-ceramic material, the glass-ceramic material comprises at least one phase whose combined thermal expansion substantially matches the thermal expansion of the electrical conductor, forming at least one aperture through each laminate of electrical insulation from the slot to the first surface, placing an electrical conductor in the slot in each laminate of electrical insulation, placing an electrical connector in the aperture*
